

PHASE 3 PROJECT
SPORTYSHOES.COM

Screenshots of all Scenarios in the Application:

1. Customer Related Scenarios

Homepage displays options to users where they can login (if they already have an account or Sign Up if they are new users) , users also have an option to shop where they can shop for shoes and add to cart, they can also click on Click to Buy button which will redirect them to shop page to buy products.

In Shop page user will see list of All products if the category is not selected from the sidebar, User can also select individual categories and purchase products from there

Categories

- All Products
- Sports Shoe
- Casual Shoe
- Formal Shoe
- Sneakers

Nike

₹ 900.0

Nike super light shoes Features: One year warranty with sweat and water proof

View Product

Reebok

₹ 1300.0

Reebok Sports Shoe Features: one year warranty with sweat and water proof

View Product

HRX

- Sneakers

Reebok

₹ 1300.0

Reebok Sports Shoe Features: one year warranty with sweat and water proof

View Product

HRX

₹ 1900.0

HRX Sweat Proof Shoe Features: Features: one year warranty with sweat and water proof

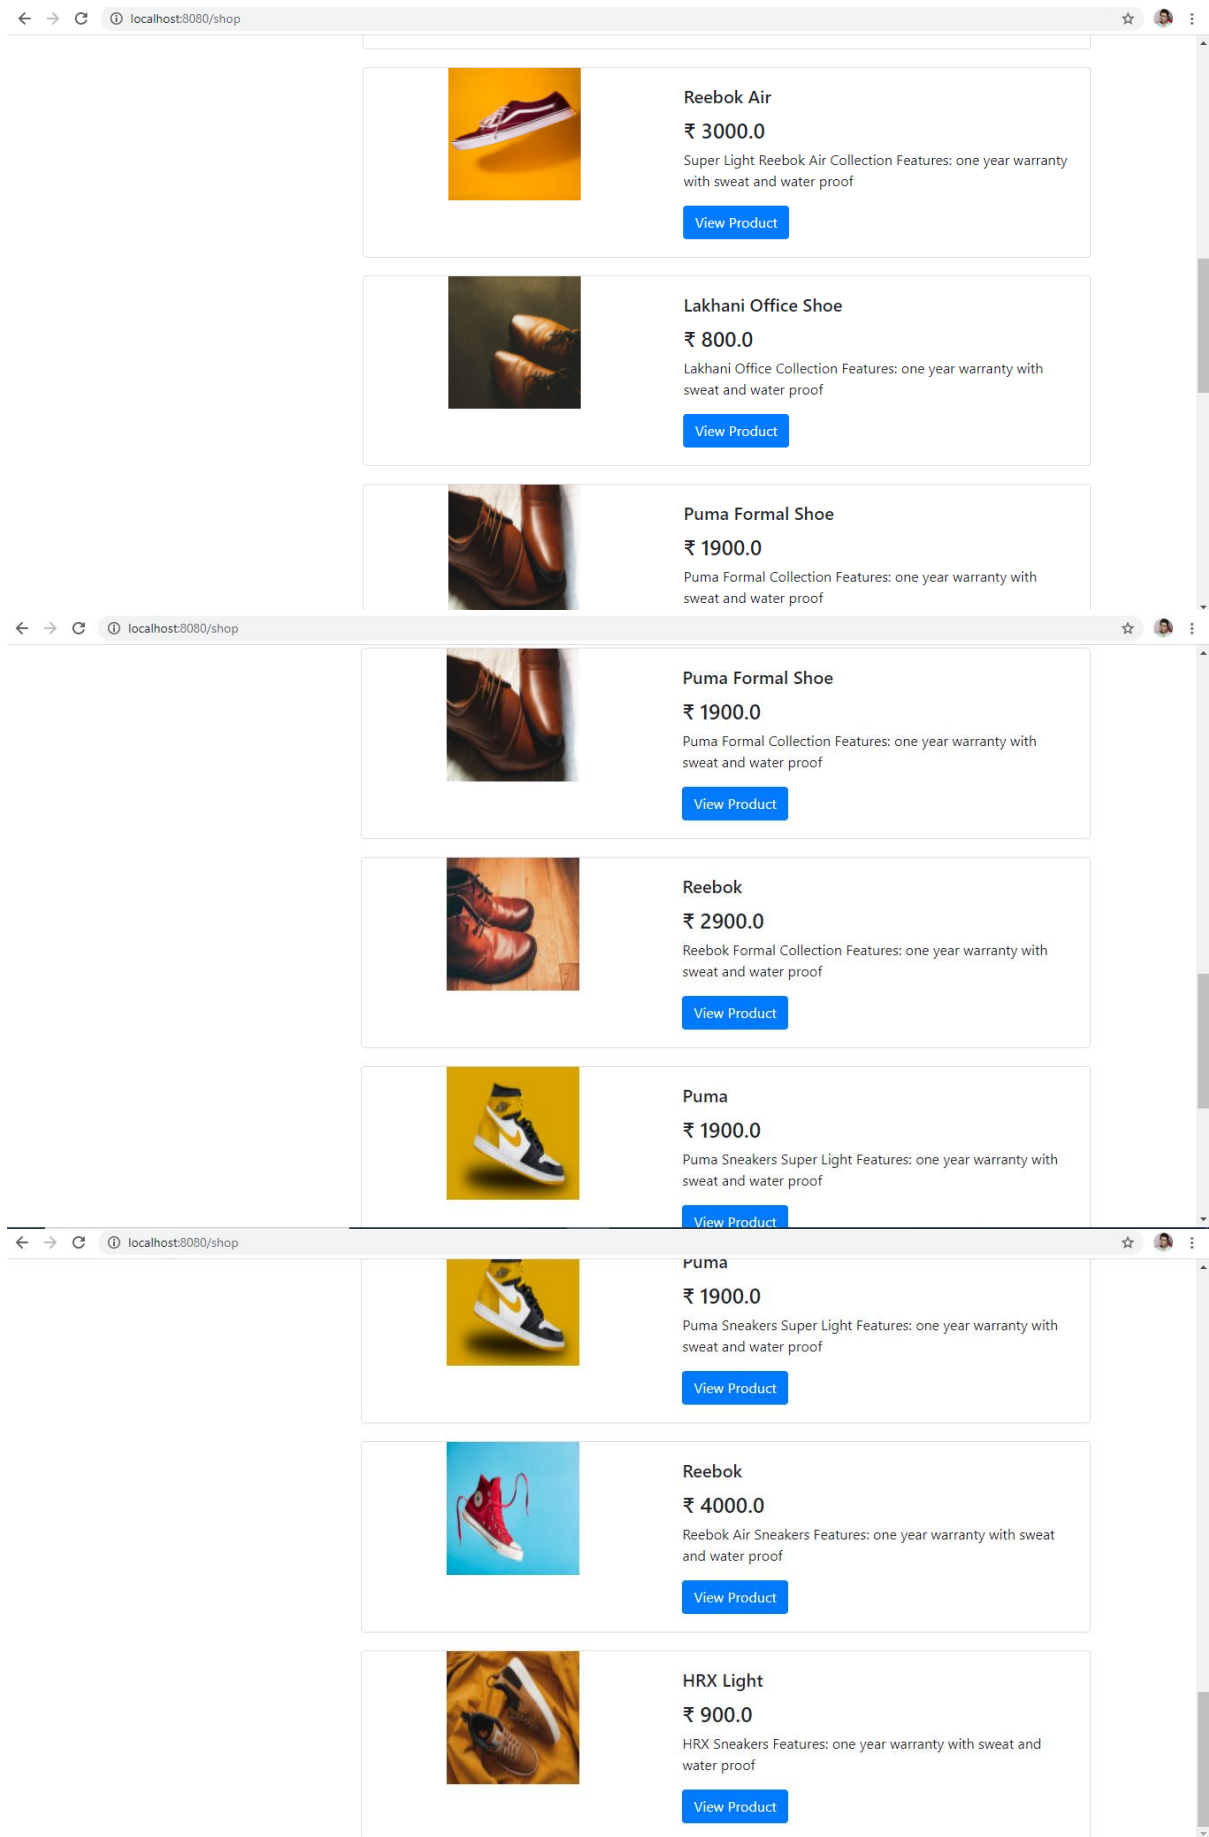

View Product

WoodLand

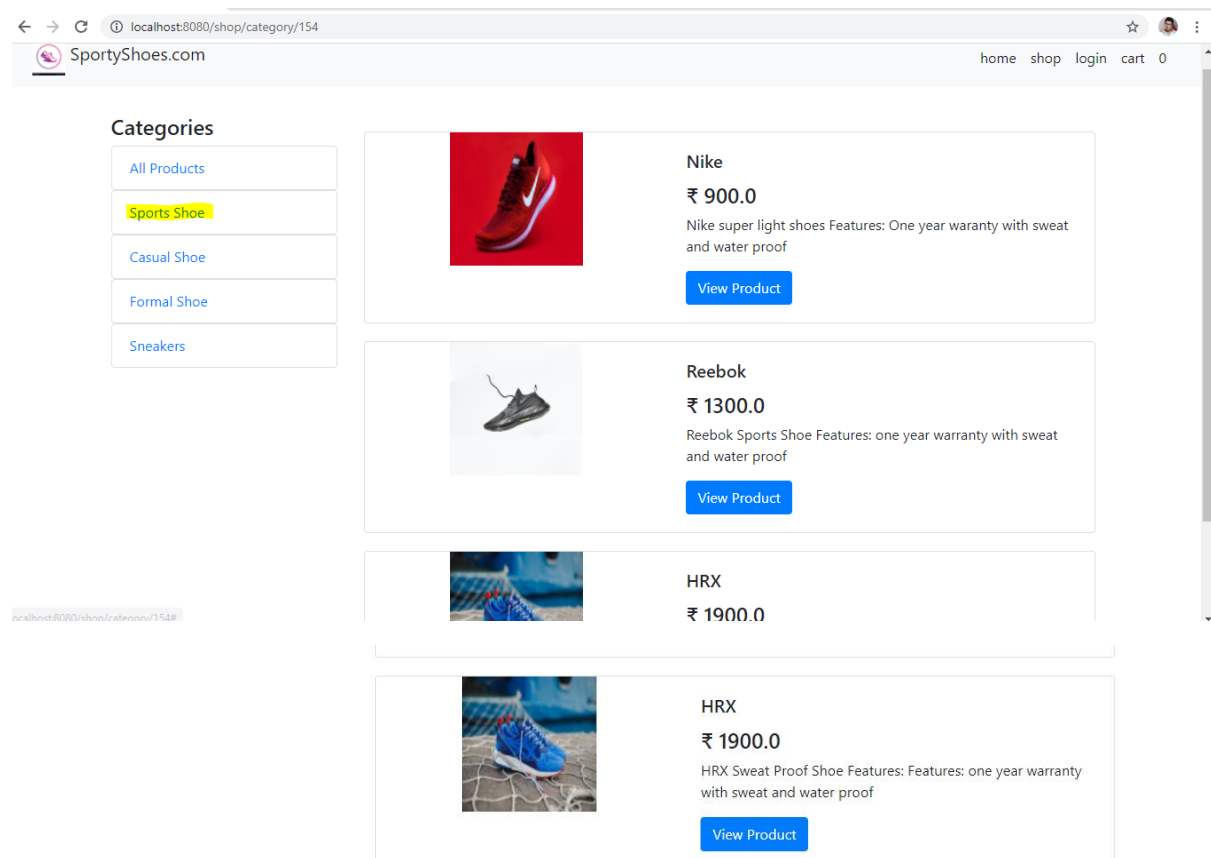

₹ 3000.0

WoodLand Casual Shoe Features: one year warranty with sweat and water proof

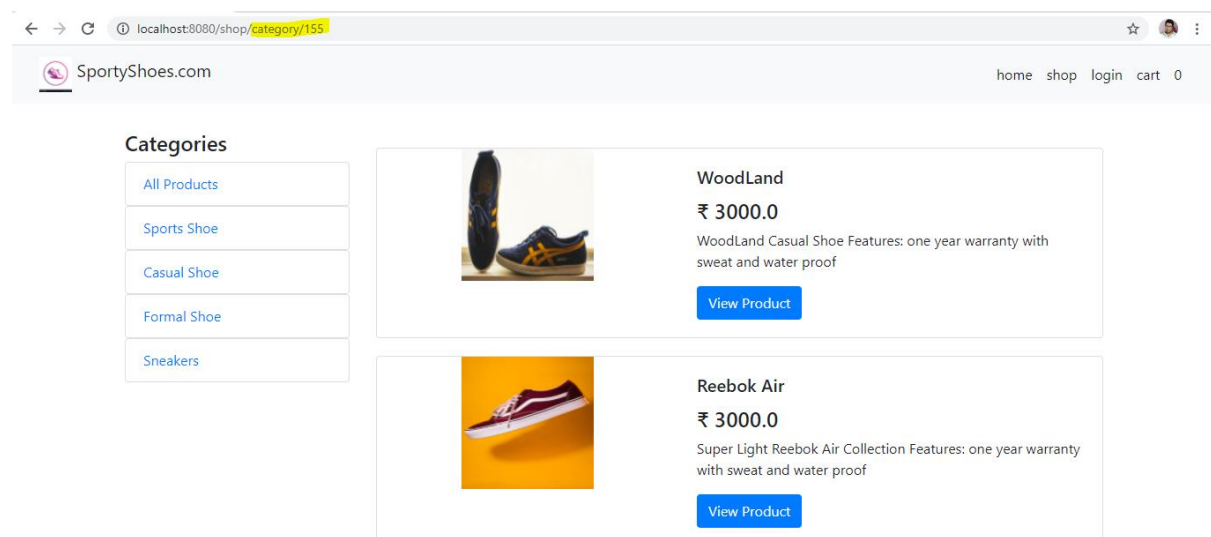

User can also select individual categories to view products only from that category (view products by category)

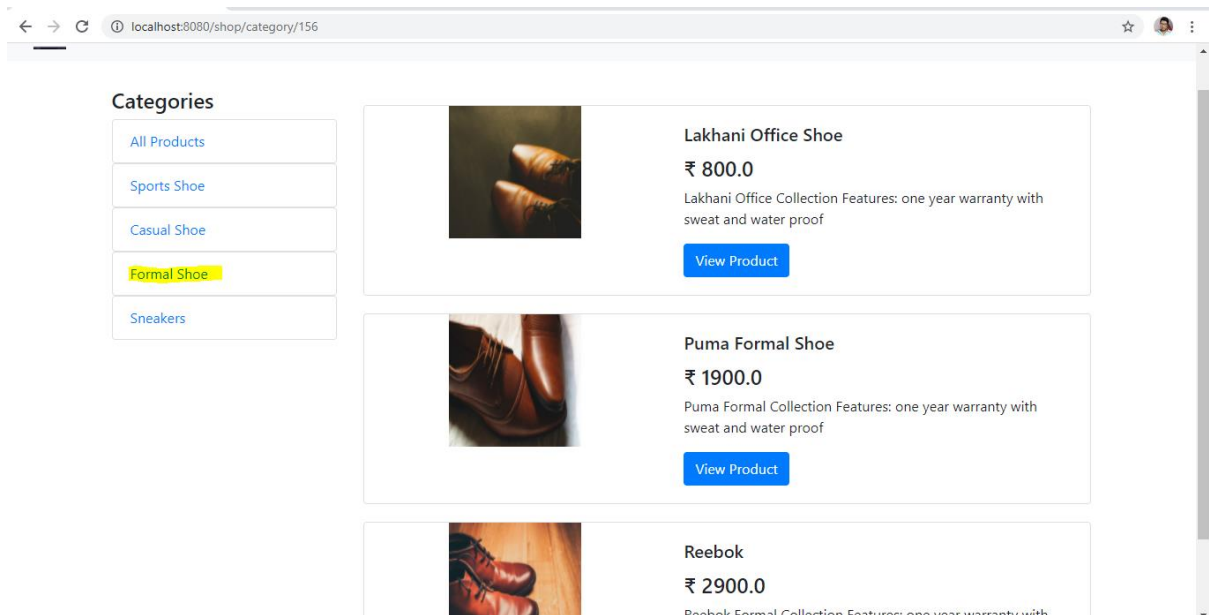

If user selects sports shoe category they can see products listed in that category

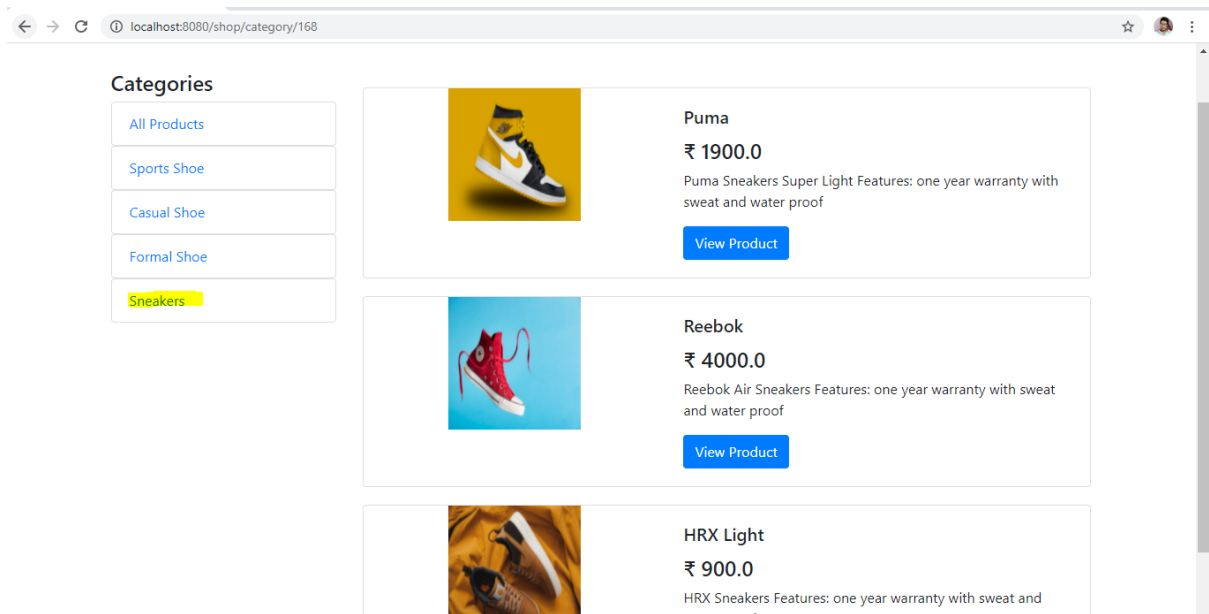

If user selects casual shoe category they can see products listed in that category

If user selects Formal shoe category they can see products listed in that category

If user selects Sneakers category they can see products listed in that category

When user clicks on View Product they are redirected to specific product description page

Nike

Sports Shoe

₹ 900.0

Weight: 300.0 grams.

Nike super light shoes Features: One year warranty with sweat and water proof

Add to cart

In the product description page User have option to Add the product to cart, But In order to add the product to cart user must be signed in (implemented with Spring Security).

Users are redirected to Login page if they want to add products to cart

Users can view cart items by clicking on cart button in the navbar

Users can also add multiple Items to their cart (Subtotal of each product, And the total price of all the products is shown)

User can also remove products from cart by clicking on Remove Item link

(First item has been removed and now the total cart items are 6)

When user clicks Got to checkout button they will be redirected to Checkout Page where they need to fill Billing details and pay the total amount

The screenshot shows a web browser at localhost:8080/checkout. The page is divided into two main sections. The left section, titled 'Billing details', contains several input fields: 'First name' (filled with 'Shubham'), 'Last name' (filled with 'Sondhiya'), 'Country - INDIA', 'Address (Line 1)' (filled with 'Singrauli'), 'Address (Line 2)' (empty), 'Postcode / ZIP' (filled with '486889'), 'Town / City' (filled with 'Singrauli'), 'Phone' (filled with '7898789878'), and 'Email address' (empty). The right section, titled 'The total amount', shows 'Amount Payable' as ₹11900.0 and 'Shipping' as 'Gratis'. Below this, it states 'The total amount of (including VAT)' as ₹11900.0. A blue 'Pay Now' button is present. At the bottom right, there is a link 'Add a discount code (optional)' with a dropdown arrow.

When user clicks on Pay now then they are redirected to Order Placed page where they can see the details of order placed and the products purchased by the user are persisted to the database

The screenshot shows a web browser at localhost:8080/payNow. The page header includes the logo 'SportyShoes.com' and navigation links 'home', 'shop', 'logout', and 'cart'. Below the header, it says 'Receipt #: 78863'. The main content is a receipt table with the following data:

SN	Product	Price
1	WoodLand	3000.0
2	Puma Formal Shoe	1900.0
3	Puma	1900.0
4	HRX	1900.0
5	Reebok	1300.0
6	Puma Formal Shoe	1900.0

Below the table, it says 'Total Amount Paid: 11900.0'.

(We can see now the cart is showing 0 items)

All the bought products by user are persisted in the database

Once user gets registered they are automatically logged in and redirected to Home Page where they can buy products

We can see user registered user is added in the database

The screenshot shows a database console interface. On the left, a sidebar lists database objects: jdbc:h2-file:./db, CATEGORY, PRODUCT, PURCHASE, ROLES, USERS, USER_ROLE, INFORMATION_SCHEMA, Sequences, and Users. The 'USERS' table is selected. The main area displays the SQL statement 'SELECT * FROM USERS;' and its results. The results are shown in a table with columns: ID, EMAIL, FIRST_NAME, LAST_NAME, and PASSWORD. The table contains 5 rows of data, with the last row highlighted in yellow. Below the table, it says '(5 rows, 3 ms)'. An 'Edit' button is visible at the bottom left of the results area.

ID	EMAIL	FIRST_NAME	LAST_NAME	PASSWORD

Already registered users can login directly in the system

The screenshot shows the login page of SportyShoes.com. The page has a header with the site name and navigation links for 'home', 'shop', and 'Sign Up'. The main content area is titled 'Login' and includes the instruction 'Please fill out this to login'. There are two input fields: 'Email' with the placeholder text 'Your Email' and 'Password' with the placeholder text 'Password'. Below these fields is a blue 'Login' button. At the bottom, there is a link that says 'Don't have an account Register here'.

← → ↻ localhost:8080/login

SpartyShoes.com home shop Sign Up

Please fill out this to login

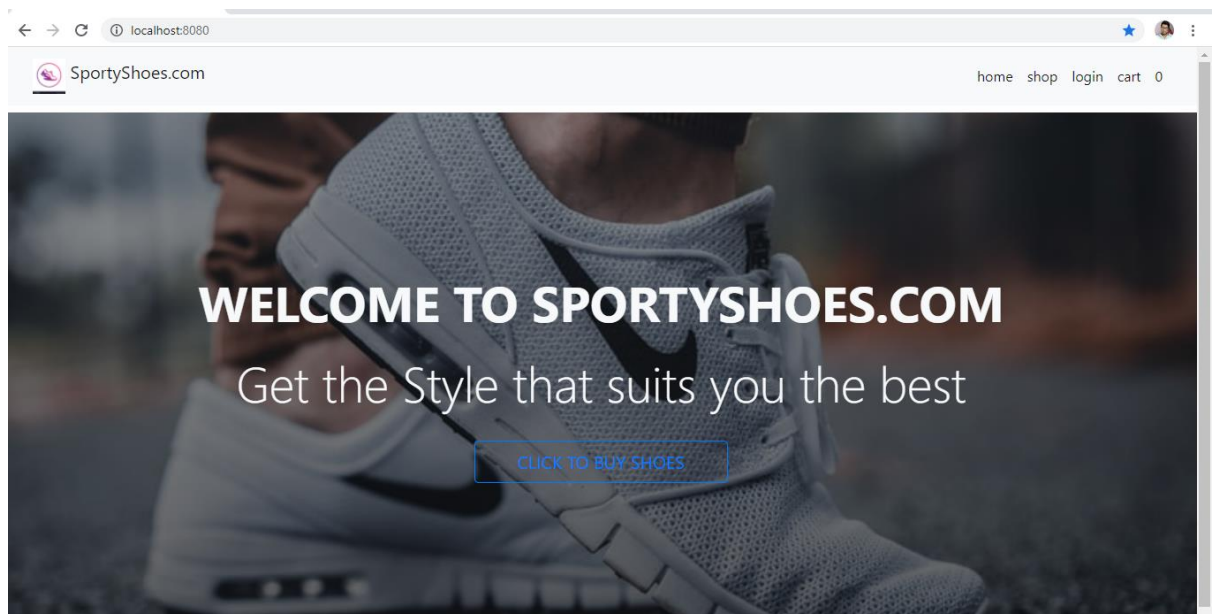

Email

Password

Login

Don't have an account [Register here](#)

After successful login they are redirected to Home page where they can buy products

When user provided invalid details they are redirected to the same login page with error message as Invalid username or password

The screenshot shows a web browser at localhost:8080/login?error=true. The page header for SportyShoes.com includes links for home, shop, and Sign Up. The main heading is "Login" with the instruction "Please fill out this to login". There are two input fields: "Email" with the placeholder "Your Email" and "Password" with the placeholder "Password". A red error message "Invalid username or password." is displayed below the fields. A blue "Login" button is at the bottom, followed by the text "Don't have an account [Register here](#)".

3. Admin Related Scenarios

Admin can login in the system by providing their credentials (Admin is added from the backend)

This screenshot shows the same login page as before, but with the email field filled with "admin@gmail.com" and the password field filled with six dots. The "Login" button remains blue, and the "Register here" link is still present at the bottom.

Once admin is logged in they can see All the operations they can perform like , Manage Categories, Manage Products, See all the registered Users list in the system, See the purchase report

3.1. Admin can Manage Categories (All CRUD Operations)

The screenshot shows a database console interface. On the left, a sidebar lists database objects: CATEGORY, PRODUCT, PURCHASE, ROLES, USERS, USER_ROLE, INFORMATION_SCHEMA, Sequences, and Users. The main area displays the SQL statement `SELECT * FROM CATEGORY;` and its results. The results table has two columns: `CATEGORY_ID` and `NAME`. It contains three rows: (154, Sports Shoe), (155, Casual Shoe), and (156, Formal Shoe). The status bar indicates '(3 rows, 1 ms)'. Below the results is an 'Edit' button.

CATEGORY_ID	NAME
154	Sports Shoe
155	Casual Shoe
156	Formal Shoe

3.2. Admin can Manage Products (All CRUD Operations)

Admin can see list of all products added in the system

The screenshot shows the admin interface of SportyShoes.com. At the top, there's a navigation bar with 'admin-home' and 'logout' links. Below it, a blue 'Add Product' button is visible. The main content area displays a table of products with columns: SN, Product Name, Category, Preview, Delete, and Update. There are four products listed: Nike (Sports Shoe), Reebok (Sports Shoe), HRX (Sports Shoe), and WoodLand (Casual Shoe). Each product has a preview image, a red 'Delete' button, and a yellow 'Update' button.

SN	Product Name	Category	Preview	Delete	Update
1	Nike	Sports Shoe		Delete	Update
2	Reebok	Sports Shoe		Delete	Update
3	HRX	Sports Shoe		Delete	Update
4	WoodLand	Casual Shoe		Delete	Update

Admin can add a new product by clicking on Add Product Button

The screenshot shows a web browser at localhost:8080/admin/products/add. The page has a header with the SportyShoes.com logo and navigation links for 'admin-home' and 'logout'. The main heading is 'Add a new Product'. The form contains several fields: 'Name' with a placeholder 'Enter name', 'Product Image' with a 'Choose file' button and a 'Browse' button, 'Select Category' with a dropdown menu showing 'Sports Shoe', 'Price' with a value of '0.0', 'Weight in grams' with a value of '0.0', and 'Product Description' with a large text area. A blue 'Submit' button is located below the 'Product Image' field.

Admin has to fill all the details of the product and also provide an image from the system for the product (Adding PUMA Shoes of category Sneakers)

The screenshot shows the same 'Add a new Product' form, but now it is filled with data. The 'Name' field contains 'Puma', the 'Product Image' field contains 'sneaker1.jpg' with a 'Browse' button, the 'Select Category' dropdown is set to 'Sneakers', the 'Price' field contains '900', the 'Weight in grams' field contains '600', and the 'Product Description' field contains 'Puma Sneakers' and 'Features: one year warranty with sweat and water proof'. A small thumbnail image of a sneaker is visible next to the 'Product Image' field. A blue 'Submit' button is still present. The browser address bar shows localhost:8080/admin/products/add#.
